What we do ?

SKILL BUILDING

Commencing with a two-day induction and training, followed by several capacity-building workshops the Fellows will be equipped with the basics of skills to initiate their field projects. For 45 days, regular training programs will be conducted across diverse thematic areas.

PEER LEARNING

Fellows will be expected to share their learnings and progress within the Fellowship team and externally, through multiple mediums.

MENTORSHIP

During the fellowship program, each Fellow will be supported by a Mentor to navigate challenges related to the fellowship.

UROOJ

Urooj is aimed at addressing social inequalities and structural discrimination through their fellowship program. They are focused at bridging the gap between education and employability by teaching computer skills and enhancing learning ability.We focused on self-reflection, conflict resolution, communication, digital skills and grassroot work

Our Philosophy

MISSION

To promote the socially deprived youths to realize their rights to education, leadership, and employment through inclusive policies and actions.

VISION

Our goal is to develop youth leadership for social change and justice, creating a just and inclusive society with equitable opportunities for all to harness their potential.

VALUES

We believe skilled and prepared youth are vital for national growth, guided by six principles: Education, Equality, Collaboration, Transparency, Innovation, and Diversity.

Urooj Youth Development Program includes:

1. Urooj Computer Learning Program

This is a three-month basic computer learning program focused on Microsoft Word, Excel, and PowerPoint, designed for underprivileged girls. It aims to boost computer literacy and foster a temperament for new technical skills. We've set up computer centers in Patna and Jehanabad districts of Bihar to support this initiative.

2. Urooj Fellowship Program

Urooj Fellowship is a 45-day program where youth participate in fieldwork, training, capacity-building workshops, mentoring, and learning activities. It also includes feedback sessions where fellows share their experiences and insights from the fellowship journey. This program aims to promote social inclusion, youth development, mindset change, and employability.
